Creative Enzymes®

anthranilate N-methyltransferase

Cat. No. EXWM-1710

Lot. No. (See product label)

Introduction

Description	Involved in the biosynthesis of acridine alkaloids in plant tissues.
Synonyms	anthranilic acid N-methyltransferase

Product Information

Form	Liquid or lyophilized powder
EC Number	EC 2.1.1.111
CAS No.	123779-15-7
Reaction	S-adenosyl-L-methionine + anthranilate = S-adenosyl-L-homocysteine + N-methylanthranilate
Notes	This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications.

Storage and Shipping Information

Storage	Store it at +4 ℃ for short term. For long term storage, store it at -20 ℃~-80 ℃.
