Green lipped mussel extract

Cat. No. EXTZ-433

Lot. No. (See product label)

Introduction

Description	The green lipped mussel is also known as the New Zealand mussel. The chemical composition of green lipped mussel extract includes proteins, sugars, amino acids and vitamins. One of the active ingredients in green lipped mussels is furan fatty acids, which are natural antioxidants. Green lipped mussels play an important role in relieving asthma, relieving osteoarthritis pain, reducing muscle aches and pains, and treating ADHD patients.
