

Lemongrass Extract

Cat. No. EXTZ-167

Lot. No. (See product label)

Introduction

Description Lemongrass, a stalky plant with long, thin leaves, is one of the largely cultivated medicinal plants for its essential oils in parts of Asia, Africa and America. Studies have shown that lemongrass extract inhibited all microorganisms' growth at a concentration of 36 µl/mL for fungi species. In addition, lemongrass extract is rich in various nutrients and can be widely used as additives in food, cosmetics, medicines and other products.
