

Probiotics Blend for Prevention and Improvement of Enteritis

Cat. No. PRBT-067

Lot. No. (See product label)

Introduction

Description Probiotics Blend of B. Longum, B. Breve, B. Lactis, L. Reuteri, B. Bifidum, L. Acidophilus

Applications The intestinal flora is a barrier in the gut. The protein expression and secretion products of the intestinal flora can affect the intestinal health. Probiotics can regulate the intestinal flora. Cell wall proteins, cell wall polysaccharides or exopolysaccharides of probiotics can modulate host immune Th17 and Treg balance and improve inflammatory symptoms.
