

Rapidase clear extreme condition

Cat. No. FJE-1024

Lot. No. (See product label)

Introduction

Description Rapidase clear extreme condition is a liquid and microgranulated pectolytic enzyme preparation with essential side activities. It decreases viscosity and promotes solid particles aggregation. Its use allows for more compact lees and clearer must when settling conditions are difficult including low temperatures, pH and/or hard to settle varieties.

Applications Enzyme for fast, efficient clarification of grape must in difficult and extreme conditions

Storage and Shipping Information

Storage To be stored in a dry cool place between 4 and 8°C
