

# Esterase-polyethylene glycol

Cat. No. NATE-1582

Lot. No. (See product label)

### Introduction

**Description** Enzyme PEG conjugate was made from by the covalent attachment of PEG 5000 to the enzyme molecule

via its amino grops. Conjugate is provided in lyophilized powder form.

**Synonyms** Esterase—PEG; PEG-Esterase

## **Product Information**

**Form** Lyophilized powder

## **Usage and Packaging**

**Package** Package size based on protein content

## Storage and Shipping Information

**Storage** Store at -20°C
