

Thrombin Substrate III, Fluorogenic

Cat. No. CSUB-0512

Lot. No. (See product label)

Introduction

Synonyms Benzoyl-FVR-AMC

Product Information

Form Lyophilized

Formulation Supplied as a hydrochloride salt.

CAS No. 88899-22-3

Purity >98% by HPLC

Toxicity Standard Handling

Substrates Protease

Excitation max. 360 - 380 nm

Emission max. 440 - 460 nm

Storage and Shipping Information

Storage -20C

Shipping Conditions ambient
