

MMP-2/MMP-9 Substrate II

Cat. No. CSUB-0535

Lot. No. (See product label)

Introduction

Synonyms Ac-Pro-Leu-Gly-(2-mercapto-4-methylpentanoyl)-Leu-Gly-OEt; Gelatinase A/Gelatinase B SubstrateII

Product Information

Form White solid

Purity >97% by HPLC

Toxicity Standard Handling

Substrates Protease

Primary target Substrate for the rapid, sensitive, and continuous spectrophotometric assay of Type IV collagenases, MMP-2 (gelatinase A), and MMP-9 (gelatinase B).

Storage and Shipping Information

Storage -20C

Shipping Conditions ambient
