Creative Enzymes®

Phytase feed additive material

Cat. No. FEED-2323

Lot. No. (See product label)

Introduction

Description	1. Lower feed costs 2. Increase the utilization of phosphorus 3. Optimized the diet formula 5. Increase the daily weight gain 6. Increase the utilization rate of mineral elements in the feed,such as Ca, Zn, Co,Mg, Fe etc
Applications	For broilers, layers, breeding hens and pigs
Synonyms	Phytase; feed additive material；Phytase feed additive material; Increase the utilization of phosphorus; Increase the utilization rate of mineral elements; broilers；layers；breeding hens; pigs; feed enzyme; utilization rate; Phytase feed additive material; FEED-2323

Product Information

Appearance	powder
CAS No.	37288-11-2

Usage and Packaging

Package	25kg/barrel or subject to client requirement.
