

p-benzoquinone reductase (NADPH)

Cat. No. EXWM-1595

Lot. No. (See product label)

Introduction

Description Involved in the 4-nitrophenol degradation pathway in bacteria.

Product Information

Form Liquid or lyophilized powder

EC Number EC 1.6.5.6

Reaction $\text{NADPH} + \text{H}^+ + \text{p-benzoquinone} = \text{NADP}^+ + \text{hydroquinone}$

Notes This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications.

Storage and Shipping Information

Storage Store it at +4 °C for short term. For long term storage, store it at -20 °C~-80 °C.
