

anthranilate N-methyltransferase

Cat. No. EXWM-1710

Lot. No. (See product label)

Introduction

Description Involved in the biosynthesis of acridine alkaloids in plant tissues.

Synonyms anthranilic acid N-methyltransferase

Product Information

Form Liquid or lyophilized powder

EC Number EC 2.1.1.111

CAS No. 123779-15-7

Reaction S-adenosyl-L-methionine + anthranilate = S-adenosyl-L-homocysteine + N-methylantranilate

Notes This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications.

Storage and Shipping Information

Storage Store it at +4 °C for short term. For long term storage, store it at -20 °C~-80 °C.
