

## erythronolide mycarosyltransferase

Cat. No. EXWM-2565

Lot. No. (See product label)

### Introduction

**Description** Isolated from the bacterium *Saccharopolyspora erythraea*. The enzyme is involved in the biosynthesis of the antibiotic erythromycin.

**Synonyms** EryBV

### Product Information

**Form** Liquid or lyophilized powder

**EC Number** EC 2.4.1.328

**Reaction** dTDP-β-L-mycarose + erythronolide B = dTDP + 3-α-L-mycarosylerythronolide B

**Notes** This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications.

### Storage and Shipping Information

**Storage** Store it at +4 °C for short term. For long term storage, store it at -20 °C~-80 °C.
