

tropomyosin kinase

Cat. No. EXWM-3148

Lot. No. (See product label)

Introduction

Description

The enzyme phosphorylates casein equally well, and histone and phosvitin to a lesser extent. The acceptor is a serine residue in the protein.

Synonyms

tropomyosin kinase (phosphorylating); STK

Product Information

Form

Liquid or lyophilized powder

EC Number

EC 2.7.11.28

CAS No.

90804-56-1

Reaction

ATP + tropomyosin = ADP + O-phosphotropomyosin

Notes

This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications.

Storage and Shipping Information

Storage

Store it at +4 °C for short term. For long term storage, store it at -20 °C~-80 °C.
