

## methyated diphthine methylhydrolase

Cat. No. EXWM-3526

Lot. No. (See product label)

### Introduction

**Description** The protein is only present in eukaryotes.

**Synonyms** Dph7; diphthine methylesterase (incorrect)

### Product Information

**Form** Liquid or lyophilized powder

**EC Number** EC 3.1.1.97

**Reaction** diphthine methyl ester-[translation elongation factor 2] + H<sub>2</sub>O = diphthine-[translation elongation factor 2] + methanol

**Notes** This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications.

### Storage and Shipping Information

**Storage** Store it at +4 °C for short term. For long term storage, store it at -20 °C~-80 °C.
