

## (13E)-labda-7,13-dien-15-ol synthase

Cat. No. EXWM-3761

Lot. No. (See product label)

## Introduction

**Description** The enzyme from the lycophyte Selaginella moellendorffii is bifunctional, initially

forming (13E)-labda-7,13-dien-15-yl diphosphate, which is hydrolysed to the

alcohol.

**Synonyms** labda-7,13E-dien-15-ol synthase

## **Product Information**

**Form** Liquid or lyophilized powder

**EC Number** EC 3.1.7.10

**Reaction** geranylgeranyl diphosphate + H2O = (13E)-labda-7,13-dien-15-ol + diphosphate

**Notes** This item requires custom production and lead time is between 5-9 weeks. We can

custom produce according to your specifications.

## Storage and Shipping Information

**Storage** Store it at +4 °C for short term. For long term storage, store it at -20 °C~-80 °C.
