

## oligoxyloglucan $\beta$ -glycosidase

Cat. No. EXWM-3803

Lot. No. (See product label)

### Introduction

**Description** Oligoxyloglucan beta-glycosidase (EC 3.2.1.120) is an enzyme with systematic name oligoxyloglucan xyloglucohydrolase.

**Synonyms** isoprimeverose-producing oligoxyloglucan hydrolase; oligoxyloglucan hydrolase

### Product Information

**Form** Liquid or lyophilized powder

**EC Number** EC 3.2.1.120

**CAS No.** 97162-80-6

**Reaction** Hydrolysis of (1→4)- $\beta$ -D-glucosidic links in oligoxyloglucans so as to remove successive isoprimeverose [i.e.  $\alpha$ -xylo-(1→6)- $\beta$ -D-glucosyl-] residues from the non-reducing chain ends

**Notes** This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications.

### Storage and Shipping Information

**Storage** Store it at +4 °C for short term. For long term storage, store it at -20 °C~-80 °C.
