

aspartyl aminopeptidase

Cat. No. EXWM-4018

Lot. No. (See product label)

Introduction

Description

Aminoacyl-arylamides are poor substrates. This is an abundant cytosolic enzyme in mammalian cells, in peptidase family M18 of aminopeptidase I

Product Information

Form

Liquid or lyophilized powder

EC Number

EC 3.4.11.21

CAS No.

9074-83-3

Reaction

Release of an N-terminal aspartate or glutamate from a peptide, with a preference for aspartate

Notes

This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications.

Storage and Shipping Information

Storage

Store it at +4 °C for short term. For long term storage, store it at -20 °C~-80 °C.
