

## carboxypeptidase M

Cat. No. EXWM-4064

Lot. No. (See product label)

### Introduction

**Description** A membrane-bound enzyme optimally active at neutral pH. In peptidase family M14 (carboxypeptidase A family)

**Synonyms** CPM

### Product Information

**Form** Liquid or lyophilized powder

**EC Number** EC 3.4.17.12

**CAS No.** 120038-28-0

**Reaction** Cleavage of C-terminal arginine or lysine residues from polypeptides

**Notes** This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications.

### Storage and Shipping Information

**Storage** Store it at +4 °C for short term. For long term storage, store it at -20 °C~-80 °C.
