

staphopain

Cat. No. EXWM-4223

Lot. No. (See product label)

Introduction

Description Known from species of Staphylococcus. Type example of peptidase family C47.

Synonyms staphylopain

Product Information

Form Liquid or lyophilized powder

EC Number EC 3.4.22.48

CAS No. 347841-89-8

Reaction Broad endopeptidase action on proteins including elastin, but rather limited hydrolysis of small-molecule substrates. Assays are conveniently made with hemoglobin, casein or Z-Phe-Arg-NHMec as substrate

Notes This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications.

Storage and Shipping Information

Storage Store it at +4 °C for short term. For long term storage, store it at -20 °C~-80 °C.
