Creative Enzymes®

Pro-Pro endopeptidase

Cat. No. EXWM-4373

Lot. No. (See product label)

Introduction

Description	This metalloprotease, which is secreted by the bacterium Peptoclostridium difficile, contains zinc.
Synonyms	metalloprotease CD2830

Product Information

Form	Liquid or lyophilized powder
EC Number	EC 3.4.24.89
Reaction	The enzyme catalyses the hydrolytic cleavage of peptide bonds between two proline residues
Notes	This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications.

Storage and Shipping Information

Storage	Store it at +4 ℃ for short term. For long term storage, store it at -20 ℃~-80 ℃.
