

quaternary-amine-transporting ATPase

Cat. No. EXWM-4670

Lot. No. (See product label)

Introduction

Description Explore Quaternary Amine-Transporting ATPase for research on amine translocation processes. Perfect for biochemical and molecular studies. Creative Enzymes provides high-quality, reliable products for scientific breakthroughs.

Product Information

Form Liquid or lyophilized powder

EC Number EC 3.6.3.32

Reaction $\text{ATP} + \text{H}_2\text{O} + \text{quaternary amineout} = \text{ADP} + \text{phosphate} + \text{quaternary aminein}$

Notes This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications.

Storage and Shipping Information

Storage Store it at +4 °C for short term. For long term storage, store it at -20 °C~-80 °C.
