

cadmium-transporting ATPase

Cat. No. EXWM-4684

Lot. No. (See product label)

Introduction

Description

High-quality Cadmium-Transporting ATPase designed for studying cadmium ion translocation. Perfect for toxicology, biochemistry, and environmental science research. Explore premium solutions at Creative Enzymes.

Product Information

Form

Liquid or lyophilized powder

EC Number

EC 7.2.2.2 (Formerly EC 3.6.3.46)

Reaction

ATP + H₂O = ADP + phosphate

Notes

This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications.

Storage and Shipping Information

Storage

Store it at +4 °C for short term. For long term storage, store it at -20 °C~-80 °C.
