

glucuronan lyase

Cat. No. EXWM-5089

Lot. No. (See product label)

Introduction

Description This enzyme belongs to the family of lyases, specifically those carbon-oxygen lyases acting on polysaccharides.

Synonyms (1,4)- β -D-glucuronan lyase

Product Information

Form Liquid or lyophilized powder

EC Number EC 4.2.2.14

CAS No. 193766-71-1

Reaction Eliminative cleavage of (1 \rightarrow 4)- β -D-glucuronans to give oligosaccharides with 4-deoxy- β -D-gluc-4-enuronosyl groups at their non-reducing ends. Complete degradation of glucuronans results in the formation of tetrasaccharides.

Notes This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications.

Storage and Shipping Information

Storage Store it at +4 °C for short term. For long term storage, store it at -20 °C~-80 °C.
