Creative Enzymes®

L-erythrulose 4-phosphate epimerase

Cat. No. EXWM-5426

Lot. No. (See product label)

Introduction

Description	The enzyme, characterized from the bacterium Mycobacterium smegmatis, participates in the degradation of L-threitol.
Synonyms	lerI (gene name)

Product Information

Form	Liquid or lyophilized powder
EC Number	EC 5.1.3.39
Reaction	L-erythrulose 4-phosphate = D-erythrulose 4-phosphate
Notes	This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications.

Storage and Shipping Information

Storage	Store it at +4 ℃ for short term. For long term storage, store it at -20 ℃~-80 ℃.
