

maltose α -D-glucosyltransferase

Cat. No. EXWM-5555

Lot. No. (See product label)

Introduction

Description This enzyme belongs to the family of isomerases, specifically those intramolecular transferases transferring other groups. This enzyme participates in starch and sucrose metabolism.

Synonyms trehalose synthase; maltose glucosylmutase

Product Information

Form Liquid or lyophilized powder

EC Number EC 5.4.99.16

CAS No. 395644-91-4

Reaction maltose = α , α -trehalose

Notes This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications.

Storage and Shipping Information

Storage Store it at +4 °C for short term. For long term storage, store it at -20 °C~-80 °C.
