Creative Enzymes®

Streptavidin-conjugated β-galactosidase

Cat. No. SCBG-001

Lot. No. (See product label)

Introduction

Applications	Quality tested applications include – ELISA FLISA FC Other referenced applications include – ELISPOT IHC-FS IHC-PS ICC WB Multiplex Microarray Block

Product Information

Source	E. coli
Form	Supplied in a stock solution in 50% glycerol/50% PBS containing NaN3 as preservative

Storage and Shipping Information

Storage	2-8°C
