Creative Enzymes®

# Enzyme Blend for Municipal Wastewater Treatment

*Cat. No. WME-2743*

*Lot. No.* (See product label)

## Introduction

| | |
|---|---|
| ***Description*** | WME-2743 consists of selected microbes which degrades different types of organic matters present in the domestic and municipal wastewater. In correct conditions and optimal temperature, WME-2743 reacts quickly and degrades many organic matters efficiently. It is also very suitable for the treatment of industrial, urban and agricultural wastewater. |
