Pitcher plant extract powder

Cat. No. EXSP-010

Lot. No. (See product label)

Introduction

Description	Pitcher plants are several different carnivorous plants which have modified leaves known as pitfall traps—a prey-trapping mechanism featuring a deep cavity filled with digestive liquid. The traps of what are considered to be "true" pitcher plants are formed by specialized leaves. The plants attract and drown their prey with nectar.

Product Information

Form	Yellow-brown fine powder
Activity	10:1
