Carrot extract

Cat. No. EXTZ-199

Lot. No. (See product label)

Introduction

Description	Carrot is an herbaceous plant of the family Apiaceae, usually biennial, with edible taproots. Its extract has the functions of strengthening the spleen and stomach, nourishing the liver and improving eyesight, clearing away heat and detoxifying, and so on. Besides, carrot extract can also be used in cosmetics and skin care products, mainly as skin conditioners and antioxidants.
