

Probiotics blend for prevention and improvement of enteritis

Cat. No. PRBT-067

Lot. No. (See product label)

Introduction

Description

Probiotics Blend of B. Longum, B. Breve, B. Lactis, L. Reuteri, B. Bifidum, L. Acidophilus

Applications

The intestinal flora is a barrier in the gut. The protein expression and secretion products of the intestinal flora can affect the intestinal health. Probiotics can regulate the intestinal flora. Cell wall proteins, cell wall polysaccharides or exopolysaccharides of probiotics can modulate host immune Th17 and Treg balance and improve inflammatory symptoms.

Product Information

Appearance

White to light yellow-free-flowing powder

Form

powder

Activity

100 billion CFU/g or more

Stabilizers

24 Months

Storage and Shipping Information

Storage

Recommend storage at frozen temperature (-18 °C) or lower in original, sealed package away from light.
