

Probiotics blend for liver care

Cat. No. PRBT-075

Lot. No. (See product label)

Introduction

Description Probiotics Blend of B. Longum, B. Adolescentis, L. Acidophilus, L. Casei, L. Plantarum, L. Rhamnosus, L. Reuteri, L. Paracasei; Prebiotics Blend of Water-soluble dietary fiber (resistant dextrin), Oligofructose

Applications Studies have shown that probiotics with anti-inflammatory effects can reduce the expression of pro-inflammatory factors. Daily supplementation of probiotics can not only reduce the entry of inflammatory factors into the liver, but also reduce lipopolysaccharide and other endotoxin-induced liver damage.

Product Information

Appearance White to light yellow-free-flowing powder

Form powder

Activity 100 billion CFU/g or more

Stabilizers 24 Months

Storage and Shipping Information

Storage Recommend storage at frozen temperature (-18 °C) or lower in original, sealed package away from light.
