

## **Human SULT1C2**

Cat. No. NATZ-021

Lot. No. (See product label)

## Introduction

**Description** Non-CYPs play an important role in the metabolism of many drugs. Non-CYP

enzymes including carboxylesterase (CES), aldehyde oxidase (AO), monoamine oxidase (MAO), flavin monooxygenase (FMO), alcohol/aldehyde dehydrogenase (ADH/ALDH), xanthine oxidase (XO), UDP glucuronosyl transferases (UGT) and

sulfotransferases (SULTs).

## **Product Information**

**Species** Human

**Source** Escherichia coli

**Form** Liquid

**Concentration** 10 mg/ml

## Storage and Shipping Information

*Storage* - 80°C

**Tel:** 1-631-562-8517 1-516-512-3133 **Email:** info@creative-enzymes.com
