Creative Enzymes®

Human SULT2A1

Cat. No. NATZ-024

Lot. No. (See product label)

Introduction

Description	Non-CYPs play an important role in the metabolism of many drugs. Non-CYP enzymes including carboxylesterase (CES), aldehyde oxidase (AO), monoamine oxidase (MAO), flavin monooxygenase (FMO), alcohol/aldehyde dehydrogenase (ADH/ALDH), xanthine oxidase (XO), UDP glucuronosyl transferases (UGT) and sulfotransferases (SULTs).

Product Information

Species	Human
Source	Escherichia coli
Form	Liquid
Concentration	10 mg/ml

Storage and Shipping Information

Storage	-80°C
