Oenothera biennis oil

Cat. No. EXTZ-310

Lot. No. (See product label)

Introduction

Description	Oenothera biennis oil, extracted from the seeds of the plant Oenothera biennis, is widely cited for its high content of unsaturated fatty acids, especially gamma-linoleic acid. Oenothera biennis oil is used as a dietary supplement to relieve diseases such as joint disorders, eczema and dysentery.
