

Rice bran wax

Cat. No. EXTZ-309

Lot. No. (See product label)

Introduction

Description Rice bran wax is a by-product of the refining process of rice bran oil. Compared with synthetic waxes and animal waxes, it has the advantage of being non-toxic. It can be used as a substitute for carnauba wax, the "king of waxes". The melting point is 77~82°C. It can be freely miscible with various natural waxes.
