

Sunflower Seed Extract

Cat. No. EXTZ-316

Lot. No. (See product label)

Introduction

Description Sunflower seeds contain about 50% fat, mainly unsaturated fat, and do not contain cholesterol; the content of linoleic acid can reach 70%, which helps to reduce the blood cholesterol level of the human body and is beneficial to protect cardiovascular health. Rich in iron, zinc, potassium, magnesium and other trace elements, sunflower seeds have the effect of preventing anemia and other diseases.
