

Citronella Oil

Cat. No. EXTZ-375

Lot. No. (See product label)

Introduction

Description Citronella is a versatile, insect-repellent oil with a grassy and lightly floral aroma. It is more versatile than many people realise. The oil's lesser-known properties are its strong cleaning abilities, which can be used in home cleaning sprays and natural shampoos to protect from dandruff. Citronella oil is also an anti-inflammatory that can soothe sore muscles and relieve cramps as well as reduce anxiety and stress.
Botanical Name: Cymbopogon Nardus

Product Information

Form liquid
