

Grapefruit (White) Oil

Cat. No. EXTZ-376

Lot. No. (See product label)

Introduction

Description Grapefruit oil, extracted from the fruit's peel, is an energising, effective and sharply invigorating sweet citrus oil. It is often used for cleaning with strong antimicrobial properties and is also lauded for its invigorating, mood-boosting effects. Beyond that, grapefruit oil is said to increase energy and reduce 'brain fog', helping us to think more clearly and feel less fatigued. Diffusing grapefruit is also a popular hangover remedy, and many people claim it helps make the morning after far more bearable. Botanical Name: Citrus Paradisi
