Creative Enzymes®

Fish oil powder

Cat. No. EXTZ-474

Lot. No. (See product label)

Introduction

Description	Fish oil powder is made from ultra-pure refined triglyceride tuna oil or anchovy oil by microencapsulation technology. Microencapsulation technology includes emulsification, embedding reinforcement, microencapsulation, and spray drying and other processes. Microencapsulation technology has well improved the stability and water solubility of oil products, and greatly promoted the application of oil products in food, health care products, dairy products and beverages.
