Kale Extract

Cat. No. CEFX-076

Lot. No. (See product label)

Introduction

Description	Kale (Brassica oleracea var. acephala f. tricolor), a biennial herb, is a horticultural variant of knotted kale (cabbage). Kale extract is rich in many nutrients beneficial to human health, such as vitamins A, C, B2 and a variety of minerals.
Applications	Kale extract is widely used in food, nutraceuticals and pharmaceuticals for its many biological activities such as antioxidant, anti-inflammatory, immunomodulatory and anti-tumor. Kale extract is also used as a moisturizer and skincare ingredient with properties that promote healthy and moisturized skin.
