Guggul Extract

Cat. No. CEFX-117

Lot. No. (See product label)

Introduction

Description	Guggul extract is derived from the resin of the Guggul tree, native to India, Bangladesh, and Pakistan. It has been used for centuries in traditional Ayurvedic medicine to support various aspects of health, particularly metabolic and cardiovascular well-being. The active compounds, known as guggulsterones, are believed to be responsible for its beneficial properties.
Applications	Dietary supplements for cholesterol management. Anti-inflammatory products. Skin care formulations targeting acne.

Product Information

Species	Commiphora Mukul
Source	Oleo Gum Resin
Appearance	Cream colored fine powder
Activity	10% Guggulsterones E & Z by UV or 10:1 by TLC
Function	Cholesterol and Lipid Support: Helps lower LDL (bad cholesterol) and triglycerides. May increase HDL (good cholesterol). Weight Management: Traditionally used to stimulate metabolism and support healthy weight loss. Anti-inflammatory Properties: Reduces symptoms of arthritis and joint pain.
