Creative Enzymes®

Snail protein powder

Cat. No. CEFX-125

Lot. No. (See product label)

Introduction

Description	Snail Protein Powder is extracted from the mucus secreted by snails to moisturise and protect the skin. This mucus, also known as snail mucin, contains nutrients, antioxidants, hyaluronic acid, glycoproteins, proteoglycans, glycosaminoglycans and antimicrobial peptides. Snail mucus consists of components that help to moisturise, heal and protect snail skin, which is also beneficial to human skin.
