Brasenia schreberi Extract

Cat. No. EXCF-005

Lot. No. (See product label)

Introduction

Description	Brasenia schreberi, also known as horseshoe cabbage, lake cabbage, etc., has a water content of up to 97% in its fresh plant. Brasenia schreberi is crystal clear in appearance and lubricious in taste, with high nutritional and medicinal values, and is very popular among people. It has the effect of inhibiting hyaluronidase, so that hyaluronidase is not decomposed to maintain its normal physiological function, and can also achieve anti-inflammatory and anti-allergic effects. INCI Name: Brasenia schreberi leaf extract
Applications	Used in anti-inflammatory and anti-allergic cosmetics.
