

## Sheep Brain Peptide

Cat. No. CAFP-006

Lot. No. (See product label)

### Introduction

**Description** Sheep Brain Peptide Powder is a small molecule peptide nutritional supplement with molecular weight below 1000 daltons, which is made from the fresh brain tissue of sheep raised on the grassland and homogenized at low temperature, degreased, cholesterol removed, and enzymatically digested. The small molecular weight and strong activity make it easier to be absorbed and utilized by human body. It is rich in neuropeptide and Y-aminobutyric acid, which is a nutritional supplement for brain.

**Applications** General food, health care and pharmaceutical industries.

### Product Information

**Source** Sheep Brain

**Appearance** Off-white powder

**Molecular Weight** <1000 Da

**Purity** 99%

**Solubility** Water-soluble

### Usage and Packaging

**Package** 1kg, 5kg, 10kg aluminum foil vacuum bag; or 20kg, 25kg Fiber Drum

### Storage and Shipping Information

**Storage** Store in a cool, ventilated and dry place, avoid direct sunlight.
