

Liver Peptide

Cat. No. CEFP-009

Lot. No. (See product label)

Introduction

Description

It is a small molecule peptide nutritional supplement which is made from the liver of bovine or sheep pastured in the grassland, after low temperature treatment, sterilization, biological enzyme digestion, purification, concentration and centrifugal spray drying. Liver is a high-quality protein nutrient source, and rich in a variety of vitamins, minerals and glycogen, especially rich in VA, B12, VC, iron and selenium, small molecular weight, strong activity, easier to be absorbed and utilized by the body.

Product Information

Source Bovine or Sheep Liver

Off-white powder Appearance

Molecular

<1000 Da

Weight

Purity 99%

Water-soluble Solubility

Usage and Packaging

1kg, 5kg, 10kg aluminum foil vacuum bag; or 20kg, 25kg Fiber Drum Package

Storage and Shipping Information

Store in a cool, ventilated and dry place, avoid direct sunlight. Storage
