Callicarpa Nudiflora Extract

Cat. No. CEFX-197

Lot. No. (See product label)

Introduction

Description	Callicarpa nudiflora is a Verbenaceae Callicarpa L. plant whose roots and leaves are used as medicine for its hemostatic, anti-inflammatory and detoxifying properties. The antioxidant components in Callicarpa nudiflora mainly include flavonoids, phenolic acids and phenylethanol glycosides. These polar components with phenolic hydroxyl groups usually have significant antioxidant activity and have been formalized as one of the major sources of natural antioxidants.

Product Information

Species	Callicarpa nudiflora Hook. et Arn.
Appearance	Powder
Purity	10:1; 20:1 or customized

Usage and Packaging

Package	25KG/Drum with double plastic bag of foodstuff inside

Storage and Shipping Information

Storage	2 years under well storage situation and stored away from direct sun light
