

Rose Collagen

Cat. No. CEFX-159

Lot. No. (See product label)

Introduction

Description

Rose has the effect of relieving depression, harmonizing blood, and relieving pain, and is mostly used for liver and stomach gas pain, poor appetite and vomiting, and irregular menstruation. Collagen is an important component of human bones, especially soft tissues. For the general population, after the age of 25, the body's collagen began to gradually lose, especially women, due to age-related hormonal imbalance in the body, the rate of loss of several times than the male block. Therefore, the best way to maintain the health of the body is to supplement collagen in a timely manner. Rose collagen consists of rose and collagen powder, has a better regulation of qi and blood, beauty and skin care effects, can better replenish the loss of human collagen, and easy to absorb, good taste, the overall effect of health conditioning, skin care and beauty.

Applications

Rose collagen is a protein with a wide range of applications, it has an important role in bioengineering, clinical medicine, food industry, cosmetics, medical cosmetology and other fields.
