Gorse Collagen

Cat. No. CEFX-160

Lot. No. (See product label)

Introduction

Description	Gorse Collagen has a variety of benefits including enhancing skin elasticity, improving bone and joint health, promoting muscle growth, and reducing intestinal damage. This collagen is rich in protein, vitamin B, vitamin C, and vitamin E. This collagen can penetrate into human skin tissues to enhance skin elasticity and firmness, thus reducing the formation of wrinkles and fine lines. Gorse Collagen also provides nutrients needed by bones and joints to improve bone and joint health, promote muscle growth, enhance muscle strength and reduce the risk of muscle atrophy. In addition, Gorse Collagen contains a variety of amino acids that can repair the intestinal mucosa and reduce intestinal damage.

Product Information

Appearance	Yellow or Off-white Powder
Purity	98% Protein

Usage and Packaging

Package	25KG/Drum with double plastic bag of foodstuff inside

Storage and Shipping Information

Storage	2 years under well storage situation and stored away from direct sun light
