Calcium casein peptide

Cat. No. CEFP-027

Lot. No. (See product label)

Introduction

Description	Calcium Casein Peptide, abbreviated as CCP, is a highly effective calcium absorption enhancer that prevents the precipitation of calcium phosphate in the body and keeps calcium ions in a soluble state, thus improving calcium absorption.
Applications	Calcium casein peptide is used as a nutritional fortifier in grains and grain products (partially) and beverages (partially), as well as in infant formulas and complementary foods for infants and young children.

Product Information

Stabilizers	Under suitable storage conditions, 12 months from date of manufacture.

Usage and Packaging

Package	5kg/ Drum

Storage and Shipping Information

Storage	Store in cool, dry conditions, protected from mold and humidity;.
