

Durian powder

Cat. No. EXTZ-541

Lot. No. (See product label)

Introduction

Description

Durian powder is made from durian, a tropical fruit known as the "King of Fruits" due to its unique aroma, rich flavor, and abundant nutritional content. The powder retains the natural flavor and nutrients of the durian fruit and is commonly used in a variety of foods and beverages, such as ice cream, pastries, shakes, and nutritional supplements. Durian powder is rich in vitamin C, B vitamins, minerals such as iron, potassium, and magnesium, as well as dietary fiber, which helps to boost immunity, support the digestive system, and provide energy.
